

SMART FASHION
RECOMMENDATION

Fashion applications have seen tremendous growth and are now one of the most used programs in the e-commerce field. The needs of people are continuously evolving, creating room for innovation among the applications. Having an AI program that understands the algorithm of a specific application can be of great aid. We are implementing such a chat bot, which is fed with the knowledge of the application's algorithm and helps the user completely from finding their needs to processing the payment and initiating delivery.

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

10 minutes

A

Team gathering
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B

Set the goal
Think about the problem you'll be focusing on solving in the brainstorming session.

C

Learn how to use the facilitation tools
Use the Facilitation Superpowers to run a happy and productive session.

Open article

1

Define your problem statement

Unavailability of chatbots that are interactive enough to navigate the user to do whatever they want. The amount of toil a user has to go through to look for a product they desire for. Need for a more User-friendly Interface. The main aim of the project is to develop a smart chat-bot that is able to understand the needs of the user and recommend products of desire.

Key rules of brainstorming
To run an smooth and productive session

- Stay in topic.
- Defer judgment.
- Go for volume.
- Encourage wild ideas.
- Listen to others.
- If possible, be visual.

2

Brainstorm

Write down any ideas that come to mind that address your problem

10 minutes

CHARAN DP

User Friendly Web application

Identify user preferences

DEVENDRAN V

High performance

Product recommendation

Recommend required products

smart chat bot

Interactive web application

Handle secure payments

HARI KRISHNAN N

Offline/Discount

Reduce user navigation

ABHISHEK AR

High resolution images for each product

Real-time product description and its available categories

Instant product feeds based on preferences

Secure authentication

Integration of intelligent chat-bot

Vertical preferences to be shown

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. In the last 10 minutes, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you and break it up into smaller sub-groups.

20 minutes

Group 1

Real-time product description and its available categories

Integration of intelligent chat-bot

Offline/Discount

User Friendly Web application

Handle secure payments

Group 2

Instant product feeds based on preferences

High resolution images for each product

Reduce user navigation

Vertical preferences to be shown

TIP

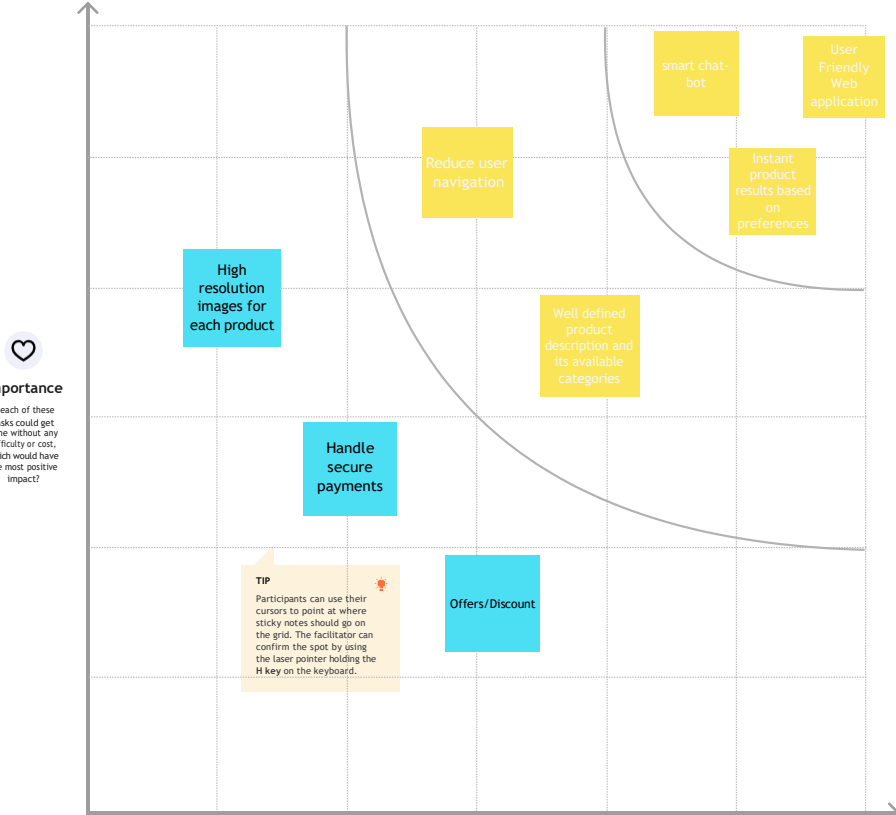

Add customizable tags to sticky notes to make it easier to find, browse, organize, and categorize important ideas as themes within your mural.

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

Importance

If each of these tasks could get done without any difficulty or cost, which would have the most positive impact?

Feasibility

Regardless of their importance, which tasks are more feasible than others? (Cost, time, effort, complexity, etc.)

→

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

A

Share the mural
Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

B

Export the mural
Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

A

Strategy blueprint
Define the components of a new idea or strategy.

Open the template

B

Customer experience Journey map
Understand customer needs, motivations, and obstacles for an experience.

Open the template

C

Strengths, weaknesses, opportunities & threats
Identify strengths, weaknesses, opportunities, and threats (SWOT) to develop a plan.
